Dear Dr. Lederberg:

Did your comment on the reproduction of your figure refer to the print on the galley or did I send you ~~the~~ a copy on insert paper like the one enclosed herewith? I admit that the enclosed copy is not too good either but I wonder how much it can be improved considering the limited quality of the original photo.

(over)

Please write me your opinion by return mail;  
I shall try to do what can be done.

Sincerely,

Carl Stern
